

20 Space Impregnable Bike Store Information Sheet

20 Space Impregnable Bike Store

Bike Storage is desirable in many environments, including those that often find themselves the target of crime. Our 20 Space Impregnable Bike Safe is designed for high-risk areas and offers a secure solution.

The Impregnable Bike Store is made from prison-grade mesh with RSJ cross braces to ensure maximum protection for cycles locked inside.

After all, bikes can be precious, and having one stolen represents a genuine inconvenience to cyclists. You can avoid any such dilemmas with the impregnable bike safe. With further security options, including swipe card access, it's the choice for those looking to offer bike storage that maximises security.

Specification

- Underground fixings and low clearance to prevent unauthorised access
- Automatically closing door to ensure it's always left and secure
- Fully-enclosed security mesh
- 10-Year manufacturer's warranty
- Designed and manufactured in Britain
- Various locking systems available
