

London Cycle Stand Information Sheet

London Cycle Stand

The London Cycle Stand offers clearly identifiable, high security bike parking.

A favourite with local authorities, the London Cycle Stand is the perfect solution to increase the amount of storage you provide for cyclists. Including a tapping bar and reflective tape, it's an easily identifiable stand for bikes to be secured to. With a black polyurethane finish, it'll also be a stylish addition.

As a solid and durable stand, it eliminates any worries about leaving bikes in high-traffic areas. The London Cycle Stand offers everything cyclists are looking for - somewhere secure and clearly identifiable where they can lock up their bikes without worry.
