

## M Cycle Stand Information Sheet

### M Cycle Stand

Install M Cycle Stands for contemporary cycle parking. If you're considering which bike stands to install, the M Cycle Stands over time as and when the number of cyclists visiting your location increases.

Wherever you install your M Cycle Stands, these products will be an attractive addition, complementing their surroundings. The curved design and variety of finishes (hot-dipped galvanised, polyester powder coated, and grade 304/306 stainless steel) are visually appealing.

Made with an extra-strong 50mm diameter tube, these stands are a highly secure structure to lock bikes. We only work with a handful of experienced suppliers to ensure all our products are of the highest standards and will stand the test of time.

### Specification

- Galvanised or stainless steel framework
