

20 Space Oxford Two Tier Cycle Shelter Information Sheet

20 Space Oxford Two Tier Cycle Shelter

With a flexible modular design that can extend indefinitely, our 20-Space Oxford Two-Tier Cycle Shelter is the perfect solution to provide secure and easy-to-use bike storage in high-traffic environments.

The Oxford Shelter has a standard anti-vandal 3mm clear polycarbonate roof and back panel. Gate and side panel options are available to enclose the shelter and maximise security fully, along with a variety of lock options.

Constructed from a hot-dipped galvanised box section and a steel corrugated roof, it protects bikes from the elements and offers secure cycle storage.
