

Premium Free Standing Vertical Bike Rack Information Sheet

Premium Free Standing Vertical Bike Rack

Create a long-lasting, memorable cycle area with the Premium Free Standing Vertical Bike Rack.

High-quality and aesthetically pleasing, the Premium Free Standing Vertical Bike Rack delivers unique bike parking areas courtesy of our powder coating colours.

This product has been designed to have the option to be installed back-to-back to help maximise your available space; its staggered racks also enable users to easily store their bikes within a compact footprint, helping you make the most of any available space.

Users can also secure both wheels and the cycle frame securely, whilst the framework helps you easily store your bike vertically.
