

Premium Vertical Bike Rack Information Sheet

Premium Vertical Bike Rack

Aesthetically pleasing wall cycle storage

Our Premium Vertical Bike Rack has been designed to be the ultimate in space-saving, wall-hung vertical cycle storage. Commonly specified in a contrasting colour to the wall against which they are fixed, they provide a user-friendly, attractive storage solution.

These units have become commonplace in our most high-specification end-of-journey projects and are available in various RAL colours and gloss levels.

It is also available in both solo and freestanding versions. We can also supply a lower wheel secure locking point. For more information regarding this product, please get in touch.
