

## Big Bird Gullwing Cycle Shelter Information Sheet

### Big Bird Gullwing Cycle Shelter

One of our most aesthetically pleasing designs, the Big Bird Gullwing Cycle Shelter perfectly melds contemporary design with everyday functionality and accessibility.

The distinctive 'gullwing' shape is created by utilising a strengthened cantilevered roof, coupled with our custom-made centralised guttering.

As a made-to-order product, the Big Bird Cycle Gullwing Shelter's modular design means it can be infinitely extended to meet the dimensions required for your project.

It can also be built to any height, enabling you to install any of our bike racks, including Sheffield Stands, Semi Vertical Bike Racks and Two Tier Bike Racks.

### Specification

- Contemporary gullwing design
- Infinitely extendable
- Various height options
- Compatible with our entire racks range
- Supports solar panels
- Available with both hot dipped galvanised and powder coated finishes
- BREEAM compliant
- 10-year manufacturer's guarantee
- Made in Britain
