

## Airing Station Information Sheet

### Airing Station

Keep your visitors' clothes dry and bad smells at bay with our designated airing stations.

Even with the best intentions in the world, cycle gear can get whiffy; especially after a particularly exerting commute or if the British weather has its say on events.

Fortunately, our airing station is on hand to offer a dedicated facility with mechanical ventilation to aid the drying process and keep your end of journey space odour-free.

With hanging baskets for clothes and wire baskets for shoes, visitors to your site can go about their day safe in the knowledge they'll be coming back to dry clothes ahead of their return journey.

### Specification
