

Hackney Locker Information Sheet

Hackney Locker

Catering for everyone who uses your changing rooms is essential to promoting equality within your workspace. Functionally designed, our Hackney Locker offers convenient sliding doors and ample foot space underneath - providing easy access to wheelchair users or others with limited mobility. As standard are a further four general-use lockers in the upper section of the unit, maximising storage across the unit's footprint.

With an extensive range of premium finishes available and convenient hanging space, these lockers will enhance any changing room. Lower compartments provided as standard with key or padlock cam locks, extensive choice of locking options for upper level compartments.
