

20 Space Original Cycle Enclosure Information Sheet

20 Space Original Cycle Enclosure

Our 20 Space Original Cycle Enclosure provides an excellent solution for bike storage, with its flexible, secure, and durable design.

As standard, the 20 Space Original Cycle Enclosure comes with Galvanised Toastracks. They're easy-to-use, and cyclists like them because you can secure both the frame and wheels, maximising safety.

The enclosure is versatile and can be adapted to any environment, making it suitable for a wide range of applications.

The enclosure is made in Britain, can contribute to BREEAM compliance and comes with a 10-year manufacturer's warranty.

Specification

The 20 Space Original Cycle Enclosure is one of our most popular bike shelters, offering secure bike storage for 20 bikes with options to fully enclose the bikes with gates and side panels.

With a wide range of options to adapt this cycle shelter to your environment this proves to be an extremely popular choice for bike storage across a wide range of applications.
