

Bike Wash Station Information Sheet

Bike Wash Station

Keep your site visitors' bicycles squeaky clean with our multifaceted Bike Wash Station. Offering effective bike cleaning courtesy of our trigger-operated jet washer, the Bike Wash Station is specifically formulated to mitigate the risk of damaging bikes or creating water wastage.

Our custom-made brushes have also been specifically designed to get into difficult grooves and eradicate any excess dirt build-ups in hard-to-reach spots.

Ideal for public areas, particularly internal bike stores, this product is a great solution for minimising dirt on your site whilst bringing added value to your visitors.
