

NEWHAM LOCKER

Flexible Two-Tier Locker Storage

Enhance your End of Trip Facilities with the Newham Locker, designed for ultimate durability and flexibility. Perfect for public, residential, and commercial spaces, these lockers accommodate many items, ensuring visitors have a secure place to store their belongings. The Newham is a versatile two-tier locker system designed to support the growing demand for active commuting across commercial, residential, and public spaces. Combining robust security with modern design, these lockers are built to accommodate folding bikes, clothing bags, and e-scooters, making them the perfect choice for specification in bike storage developments, end of trip facilities and corporate fit-outs. Whether you're an architect, contractor, or facilities manager, the Newham Locker delivers a specification-ready, secure and design-centric solution tailored to your project requirements.

- › **Two-Tier Locker Unit:** Maximises space efficiency for busy environments
- › **Durable Doors:** High-pressure laminated MDF or SGL in a wide choice of finishes
- › **Flexible Carcass Options:** Choose from MFC or powder-coated aluminium interiors
- › **Integrated Power:** Optional three-pin socket for charging e-bikes, e-scooters, and electronics
- › **Secure Locking Systems:** Mechanical cam locks, padlocks, digital keypad locks, or RFID systems
- › **Moisture-Resistant Base:** Choice of finishes to enhance durability in high-traffic use
- › **Ventilation Options:** Ventilated doors and/or rear airflow for user convenience
- › **Customisable Design:** Bespoke sizing, numbering, perforations, and finish options available
- › **Proudly Made in Britain**

NEWHAM LOCKER

The Newham Locker is a versatile two tier storage solution designed for end of trip facilities, commercial fit-outs, and residential developments. With options for integrated power, secure locking, and premium finishes, it provides safe storage for folding bikes, clothing, bags, and e-scooters.

Customisation that Works for You

Every site is different which is why this locker is built to adapt:

- › **Dimensions:** Two-tier unit – bespoke sizing available
- › **Doors:** High-pressure laminated MDF / SGL, range of colours and finishes
- › **Carcass:** MFC or powder-coated aluminium, with matching laminate panels
- › **Locking Options:** Cam lock, padlock, digital keypad, RFID electronic locking
- › **Base:** Moisture-resistant base, colour options available
- › **Ventilation:** Rear ventilation, ventilated doors, or perforated panels
