

## Darlington Cycle Canopy Information Sheet

### Darlington Cycle Canopy

Our Darlington Canopy has been designed to offer a wide open space, whilst providing ample access for all users. Featured here with our Grated Security Fencing and electronic access control to restrict users to only those authorised.

Internally IP65 rated LED lighting with PIR activation and a swipe card access control unit provides security to the single swing gate.

Also able to accommodate our Two Tier Cycle Rack, as well as our Semi Vertical Bike Racks or Toastracks; requiring a lower head height. Can also be made E-Bike friendly, by providing electric charging points for electric bike owners.

For more information on this shelter or any of our products please get in touch.
