

## Twin Wire Security Mesh Partitioning Information Sheet

### Twin Wire Security Mesh Partitioning

Deliver exceptional bike parking security at your development with our Twin Wire Security Mesh Partitioning.

With the ability to secure existing or new-build spaces, this product is built to deliver a budget-friendly, yet highly secure mesh partitioning solution.

Our Twin Wire Security Mesh Partitioning can be adapted to meet the specific needs of your project, from uneven floors, to high ceilings, multiple directional changes and obstructive services.

It has proven immensely popular with architects and specifiers, as well as a retro-fit solution to an existing car park.
